

Husnu Saner Narman

70 Township Road 1118, Apt 12, Chesapeake OH, 45619 * (405) 413-7600 * narman@marshall.edu
<https://www.linkedin.com/in/husunarman> * <http://hsnarman.oucreate.com/>

PROFILE

Highly motivated, intellectually curious, independent and team player, multi-tasker, strong mathematical and computer skills with significant experience in wireless networks, cloud computing, and Internet of Things (IoT). Analytical programmer with 8+ years hands-on experience and strong knowledge of Java programming in Eclipse platform. Ability to quickly master different programming languages, software packages and hardware technologies.

CORE SKILLS

- Advanced knowledge of Java
- Matlab, C, Python, PHP
- Database Management (MySQL, PSQL, JDBC)
- Knowledge of JUnit and Maven
- Automation development (Selenium)
- Web development, HTML, CSS
- Performance and scalability optimization
- Advanced problem solving skills
- Troubleshooting and debugging
- Android App Development: [Link](#)
- LTE, LTE-A, and Wi-Fi
- Vehicular Network
- Windows, Linux (Mint, Ubuntu, Backtrack)

WORK EXPERIENCE

Faculty Member, January 2017 – Present

Marshall University, Huntington, WV

- Research on Wireless Network, Cloud Computing and Internet of Things
- **Fall 2017 Taught Courses**
 - Cloud Computing (CS Graduate – 16 students)
 - Data Structure and Algorithm (CS Undergraduate – 21 students)
- **Spring 2017 Taught Courses**
 - Database Management (CS Graduate, CS Undergraduate, IS Graduate – 70 students)
 - Adv. Data Structure and Algorithm (CS Undergraduate – 19 students)
 - Data Structure and Algorithm (CS Undergraduate – 13 students)

Postdoctoral Fellow, May 2016 – December 2016

Clemson University, Clemson, SC

- Developed efficient scheduling and resource allocation for cloud data centers.
- Advised PhD Students and helped them to prepare their writing and research proposals.
- Helped PhD students and research Project Investigator to apply for grants.

Research Assistant, January 2012 – May 2016

University of Oklahoma, Norman OK

- Developed and designed efficient and balanced resource allocation for cloud servers.
- Implemented efficient user profile based Carrier Aggregation for LTE and LTE-A mobile system.
- Proposed efficient communication models for multi-band wireless routers.
- Attended international and local conferences as an audience and a speaker.

Webpage Developer, January 2011 – Present

- Used HTML and CSS for webpage development.
- <http://cs.ou.edu/~atiq/>
- <http://hsnarman.oucreate.com/>
- <http://www.ou.edu/turks/>

Software Engineering Intern, May 2015 – August 2015

Institutional Shareholder Services, Norman OK

- Design and development of an automation system to test the performance of an extensive web application.
- Used repeated actual users' behaviors technique in distributed system with multi-thread programming.
- Used Tools: Java, Selenium, JDBC, MySQL and Virtual Machines.

Teaching Assistant, January 2011 – May 2011

University of Texas at San Antonio, San Antonio TX

- Assisted to the instructor for Computer Networks course.
- Prepared/graded homework and exams.

Teacher, September 2006 – March 2007

Private Tutoring Center, Corum Turkey

- Prepared geometry course syllabus.
- Taught geometry.
- Helped more than a hundred students to prepare for the national university placement exams to reach their goals.

EDUCATION

Ph.D. in Computer Science, May 2016

University of Oklahoma, Norman OK

- GPA: 3.67/4.0
- Dissertation Title: Design and development of carrier assignment and packet scheduling in LTE-A and Wi-Fi. [Link](#)
- Published two journal and twelve conference papers. [Link](#)
- Coursework: Network Management, Database Management, Scientific Programming, Discrete Optimization, Parallel Network Design, Formal Languages

M.S. in Computer Science, May 2011

University of Texas at San Antonio, San Antonio TX

- GPA: 3.83/4.0
- Graduation report: Topological characteristics of multi-hop wireless networks
- Published one conference paper
- Coursework: Data Structures, Advanced Programming, Analysis of Algorithm, Compilers, Computer Architecture, Networking, Bioinformatics, Performance Evaluation, Information Security.

B.S. in Mathematics, September 2006

Abant Izzet Baysal University, Bolu Turkey

- GPA: 3.66/4.0
- Coursework: Python, Web Programming, Advanced Algebra and Calculus courses, Probability, and Statistics.

TEACHING INTEREST

- Wireless Network
 - Network Management
 - Operating Systems
 - Data Structures
 - Distributed Systems
 - Cloud Computing
 - Internet of Things
 - Performance Evaluation
 - Software Testing
 - Programming Languages
 - Algorithm for Software Development
 - Java / C for Software Development
 - Scientific Computing
 - Database Management
-

SELECTED PROJECT EXPERIENCE

LTE Carrier Aggregation, 2014 – 2016

- Proposed user profile based carrier aggregation for LTE-A
- Measured the number of required carriers for each user in LTE-A communication based on user profile
- Implemented a realistic finite buffer simulation to analyze the performance of proposed technique

Android Travel Sale Person Application, 2014

- Integrated Mobile Application and Mobile Cloud Computing, [Link](#)
- Measure time and energy efficiency of the developed application in mobile and cloud environment.

Scheduling in Cloud, 2013

- Proposed a novel scheduling model for cloud computing by considering heterogeneity of servers
- Considered priority of task scheduling
- Implemented a queue based simulation to analyze the performance of the model

AWARDS AND HONORS

- Outstanding Ph.D. Student Award, University of Oklahoma, 2016
- Robberson Travel and Research Grants, University of Oklahoma, 2015
- Turkish Ministry of Education Fellowship, 2007-2016
- Ranked 1st among Faculty of Arts and Science class of 2006, Abant Izzet Baysal University
- Graduated as High Honor Student, Abant Izzet Baysal University, 2006

PROFESSIONAL ACTIVITIES

- Publicity Co-Chair: ICCCN'17, NAS'17
- TPC: WF-5G'18, ICC'18, GLOBECOM'17, TENCON'17, WINCOM'17, ICC'17, WINCOM'16, GLOBECOM'16, ICC'16, GLOBECOM'15
- Reviewer IEEE Journal on Selected Areas in Communications
- Reviewer Elsevier Journal of Network and Computer Applications
- Reviewer Elsevier Future Generation Computer System
- Reviewer ICPN, GLOBECOM, ICC
- HackerRank and GitHub

VOLUNTEER ACTIVITIES

- Volunteer for Habitat for Humanity
- Volunteer for Boys and Girls Club
- IEEE Communication Society Student member
- Developed and taught Turkish Language course for five semesters in UTSA and OU
- President and Vice President, Turkish Student Association, University of Oklahoma
- President, Turkish Student Association, University of Texas at San Antonio
- Science Club Member, Abant Izzet Baysal University
- Representative of Mathematics Department, Abant Izzet Baysal University

PUBLICATIONS

Book

- [1] *Carrier Assignment and Packet Scheduling in LTE-A and Wi-Fi*: Husnu Saner Narman and Mohammed Atiquzzaman (*Dissertation as a book - LAP LAMBERT Academic Publishing 2016*)

Journals

- [4] *Characterizing Data Deliverability of Greedy Routing in Wireless Sensor Networks*: Jinwei Liu, Haiying Shen, Lei Yu, Jiannan Zhai, Jason O. Hallstrom, Yangyang He, and Husnu S. Narman, *IEEE Transaction on Mobile Computing (TMC)* (March 2017)

- [3] *Joint and Selective Component Carrier Assignment in LTE-A*: Husnu S. Narman, Mohammed Atiquzzaman, Mehdi Rahmani-andebili, and Haiying Shen *Computer Networks* (September 2016)
- [2] *Scheduling Internet of Things Applications in Cloud Computing*: Husnu S. Narman, Md.Shohrab Hossain, Mohammed Atiquzzaman, and Haiying Shen *Annals of Telecommunications* (June 2016)
- [1] *Management and Analysis of Multi Class Traffic in Single and Multi-band Systems*: Husnu S. Narman, Md.Shohrab Hossain, and Mohammed Atiquzzaman *Wireless Personal Communications* 83 (July 2015)

Conferences

- [12] *CCRP: Customized Cooperative Resource Provisioning for High Resource Utilization in Clouds*: Jinwei Liu, Haiying Shen, and Husnu S. Narman *IEEE International Conference on Big Data, 2016, Washington, DC*
- [11] *Primary Component Carrier Assignment in LTE-A*: Husnu S. Narman and Mohammed Atiquzzaman *EAI QSHINE, 2016, Seoul, South Korea*
- [10] *Analysis of Joint and Partial Component Carrier Assignment Techniques in LTE and LTE-A*: Husnu S. Narman and Mohammed Atiquzzaman *IEEE Global Communications Conference (GLOBECOM), 2015, San Diego, CA*
- [9] *Selective Periodic Component Carrier Assignment Technique in LTE and LTE-A Systems*: Husnu S. Narman and Mohammed Atiquzzaman *IEEE Global Communications Conference (GLOBECOM), 2015, San Diego, CA*
- [8] *Joint and partial carrier components assignment techniques based on user profile in LTE systems*: Husnu S. Narman and Mohammed Atiquzzaman *IEEE Wireless Communications and Networking Conference (WCNC), 2015, New Orleans, LA*
- [7] *Energy aware scheduling and queue management for next generation Wi-Fi routers*: Husnu S. Narman and Mohammed Atiquzzaman *IEEE Wireless Communications and Networking Conference Workshops (WCNCW), 2015, New Orleans, LA*
- [6] *Carrier Components Assignment Method for LTE and LTE-A Systems Based on User Profile and Application* Husnu S. Narman and Mohammed Atiquzzaman *IEEE GLOBECOM Workshop on Broadband Wireless Access, 2014, Austin, TX*
- [5] *DDSS: Dynamic Dedicated Servers Scheduling for multi priority level classes in cloud servers* Husnu S. Narman, Md. Shohrab Hossain, and Mohammed Atiquzzaman *IEEE International Conference on Communications (ICC), 2014, Sydney, Australia*
